Inter Island	1 x Yellow label				Add 2 x Excess labels		Add 2 x Excess labels		Add 2 x Excess labels	
Nationwide	1 x Red label									
Additional Services: Rural Areas	1 x Rural label [#]									

- Labelling your parcel:**
- Find your destination on the map and identify the coloured zone
 - Refer to the parcel ruler above and apply relevant labels based on your parcel weight
 - Refer to the respective coloured zone tables for label rates

- Transit times:**
- | | |
|----------------------------------|---------------------------|
| Local delivery - Same day** | Within Island - 1 day |
| Inner shorthaul delivery - 1 day | Inter Island - 2 days |
| Outer shorthaul delivery - 1 day | Rural - Additional 2 days |
- **Some residential areas are only serviced once a day

Weigh, label & send your parcel

Your parcel delivery is calculated on the cubic weight (size) or the actual weight – whichever is greater.

- Convert measurements to metres
-
- Example: if a parcel is:**
- | | | |
|--------------|---|-------|
| Height: 80cm | > | 0.8m |
| Width: 50cm | > | 0.5m |
| Length: 15cm | > | 0.15m |
- Multiply the height x width x length x cubic conversion (200) = cubic weight
- Example: 0.8 x 0.5 x 0.15 x 200 = 12kg
- So if the actual weight is 5kg and the cubic weight is 12kg – the greater weight of 12kg is used to select the label/s.

* Minimum purchase requirements apply.
 # Estimated transit times in working days.
 * Local satchels available for delivery in the Pink Zone only.
 * PO Box service commences 1 November 2016
¹ Rural destinations determined by Fastway Couriers. This is additional to the standard base label.
Maps not to scale. Prices exclude GST. Effective as at 1 October 2016
