Outer shorthaul delivery - 1 day	Rural - Additional 2 days

**Maps not to scale.**  
\* Minimum purchase requirements apply. Base rate only. Does not include any additional fuel surcharges if applicable. Visit fastway.co.nz for details.  
# Estimated transit times in working days.  
¹ Local satchels available for delivery in the Pink Zone only  
¹ Rural destinations determined by Fastway Couriers. This is additional to the standard base label.  
**Prices exclude GST. Effective as at 1 July 2018**

## Weigh, label & send your parcel

Your parcel delivery is calculated on the cubic weight (size) or the actual weight – whichever is greater.

- a. Convert measurements to metres
- | Example: if a parcel is: |         |
|--------------------------|---------|
| Height: 80cm             | > 0.8m  |
| Width: 50cm              | > 0.5m  |
| Length: 33cm             | > 0.33m |
- b. Multiply the height x width x length x cubic conversion (200) = cubic weight
- Example: 0.7 x 0.4 x 0.33 x 200 = 18.48kg
- c. So if the actual weight is 5kg and the cubic weight is 18.48kg – the greater weight of 18.48kg is used to select the label/s.
