Inter Island	1 x Yellow label			Add 2 x Excess labels	Add 2 x Excess labels	Add 2 x Excess labels	
Nationwide	1 x Red label						
Additional Services: Rural Areas	1 x Rural label#						

Labelling your parcel:

1. Find your destination on the map and identify the coloured zone
2. Refer to the parcel ruler above and apply relevant labels based on your parcel weight
3. Refer to the respective coloured zone tables for label rates

Transit times:

Local delivery - Same day
Inner shorthaul delivery - 1 day
Outer shorthaul delivery - 1 day
Within Island - 1 day
Inter Island - 2 days
Rural - Additional 2 days

Weigh, label & send your parcel

Your parcel delivery is calculated on the cubic weight (size) or the actual weight – **whichever is greater.**

a. **Convert** measurements to metres

Example: if a parcel is:
Height: 80cm > 0.8m
Width: 50cm > 0.5m
Length: 33cm > 0.33m

b. **Multiply** the height x width x length x cubic conversion (200) = cubic weight

Example: 0.7 x 0.4 x 0.33 x 200 = 18.48kg

c. So if the actual weight is 5kg and the cubic weight is 18.48kg – the greater weight of 18.48kg is used to select the label/s.

Maps not to scale.
* Minimum purchase requirements apply. Base rate only. Does not include any additional fuel surcharges if applicable. Visit **fastway.co.nz** for details.
# Estimated transit times in working days.
+ Local satchels available for delivery in the Pink Zone only
[1] Rural destinations determined by Fastway Couriers. This is additional to the standard base label.
Prices exclude GST. Effective as at 1 July 2018
